***Foil Printing is a lower quality foil product, but allows for images and up to 8.5x11", and is typically around \$10-12 per book. Printed cover sheets can include Iowa State University nameplate, thesis title and author's name.**

Foil Stamping is a higher quality foil product, but limited to a 9x2" area without images and is typically around \$28-30 per book. Stamped covers can only include Iowa State University nameplate and author's name.

NAME & TITLE FOR COVER _____

QUANTITY & INK COLOR OF INTERIOR PAGES _____

(B/W, Color or Mix) If mix, some pages are B/W, some are color - please let us know exactly which pages are color.

NOTE: It is recommended that you print on only one side of a sheet of paper for your thesis. We use a 24# premium writing paper by default, but you can specify something else if you'd like. You should add blank pages to your file to make chapters start on a right-hand side page. Samples are available at Printing Services. Standard turn-around times are typically 3-5 business days.
